

April 20, 2009

Ms. Ruth E. McBurney
Executive Director
Conference of Radiation Control
Program Directors, Inc.
1030 Burlington Lane, Suite 4B
Frankfort, KY 40601

Dear Ms. McBurney:

In your letter dated April 8, 2009, you requested that the Nuclear Regulatory Commission (NRC) provide federal concurrence for "Part X" to the Suggested State Regulations for Control of Radiation, "Therapeutic Radiation Machines."

We believe these regulatory requirements are important, however, given that "Part X" is outside of NRC's regulatory authority, we did not conduct a review of the final regulation. As is our practice, NRC does not provide federal concurrence on Suggested State Regulations which are not within NRC regulatory jurisdiction. If you have any questions, please contact Kathleen Schneider, State Regulation Review Coordinator at (301) 415-2320 (kathleen.schneider@nrc.gov) or Karen Meyer, Regulations Review Specialist at (301) 415-0113 (karen.meyer@nrc.gov).

Sincerely,

/RA/

Division of Materials Safety and State Agreements
Office of Federal and State Materials
and Environmental Management Programs
