Subject: Virgil C. Summer Nuclear Station Units 2 and 3
Docket Numbers 52-027 and 52-028
Submittal of References for the Combined License Application for Virgil C.
Summer Nuclear Station Units 2 and 3, Part 3, Environmental Report
(ER), Revision 1

In accordance with the requirements contained in 10 CFR Part 52 and 10 CFR Part 2.101, South Carolina Electric & Gas Company (SCE&G) submitted a combined license application (COLA) on March 27, 2008, for two Westinghouse AP1000 plants. On February 13, 2009 a revision to Part 3 (ER) of the COLA was submitted. Enclosed please find one (1) CD of references utilized in the development of the ER Revision 1. These references have been Preflight checked and are acceptable for electronic submittal. Enclosure 1 provides a listing of the reference files on the CD. Please note no references identified as copyright, available by purchase, sensitive, or already located in the NRC's Agency Document Access and Management System have been provided. These items are listed on Enclosure 2.

Also included at the request of the NRC Environmental Project Manager is one (1) non-Preflight checked CD for reviewer's use.
