Mr. Courtemanche,

Your phone conversation with Mr. Keith Bullion on April 20,2009 brought to light the apparent oversight that a formal request to terminate our license had not been submitted as intended in March 2007 by Dr Loren Bertocci.

The license in question is:

License Number : 47-25265-01
Docker Number: 03033256
Mail Control Number: 141448

Please accept this letter as the request for license termination.

Respectfully,

J. William Brooks, Chancellor
Salem International University
