

Summary of CPS Energy's Commitment to Sustainability

CPS Energy Board of Trustees Meeting

January 20, 2009

Presented by: Steve Bartley

SB 5 and SB 12 Commitments

- In 2001, Senate Bill 5 encouraged public entities like CPS Energy to reduce electric use by 5 percent each year for five years
- Use of 13 million kilowatt-hours (KWH) in 2001 reduced to 9.8 million KWH by 2006
- CPS Energy one of only a handful to achieve state goal
- Company now focusing on SB 12 reductions of 5 percent a year over six years (30 percent total)
- In past two years, electric use down by 16 percent
