**Re: Request to change Radiation Safety Officer**

**(NRC MATERIAL LICENSE No. 21-32466-01)**

I am requesting an Amendment to our current license. I would like to Change the Radiation Safety Officer. Currently our license names the RSO as Douglas Anglin II and I would like to replace the RSO with Joshua D. Malik. Because of increased work load and additional responsibilities I will be limited to the attention this position requires and this is why I'm requesting the change.

Attached to this letter is a copy of Joshua Malik's certificate of completion for the Radiation Safety Officer Class and Hazmat Certification dated 5/30/2007. Please contact myself or Josh Malik if there is any more information required.

Regards,

Douglas Anglin II
