Darrell, you have a 1-hour meeting arranged with Tim Rausch, Site VP, next Wednesday (11/5) at 3:30 pm

We (Jhansi & I) weren't sure whether you and Tim needed a 1/2 hr or 1 hr. Easier to shorten a meeting, than lengthen it, at the last minute.

A drywell tour will be arranged for both you and Rich. If you want to enter a sandbed, that would take special on-site training, and might have to make arrangements to make sure that they're not all closed back up by then.

I'll let Jhansi know tomorrow am

a visit with the Site VP would be good...no one else necessary.

Next week Wednesday & Thursday (Nov 5-6) would seem to make the most sense. By then they should have completed all of the drywell NDE UTs. Although they may not have performed all of the engineering reviews by then.

I've asked Jhansi Kandasamy, OC Manager Reg Assurance, to verify that a drywell tour will be reasonable for Wed.

Jhansi asked whether they should schedule some time with Tim Rausch, Site VP. Do you want to setup any meetings with anyone else, while you're on-site?

Thanks, John.

I am working with Kay, Rich, et. al., to schedule my visit. Let me know when you think the best time for me to come up would be...

thx,
DJR

1st day on-site. just getting started.

Entrance Meeting was well attended. LR representatives from Calvert Cliffs and NMP are here to observe. Interface with the NJ State reps seems to be good.

Today - Looked at ESW pipe replacement, cavity drain line, and 2 of 5 sandbed drain bottles.

Nothing noteworthy to discuss. Drywell and Sandbed UTs start tomorrow.

Team Location: OCAB 2nd Floor, Visiting Exec Office, 609-9714830
