01-3

In section 1.3.3.2 of the Summer COL application, the applicant states that they will be using an external sinking fund to decommission the facility. However the applicant does not state whether they will provide certification within 30 days after the Commission publishes a notice in the *Federal Register* as required by 10 CFR 50.75(b) (1), which states that:

[...] For an applicant for a combined license under subpart C of 10 CFR part 52, the report must contain a certification that financial assurance for decommissioning will be provided no later than 30 days after the Commission publishes notice in the *Federal Register* under § 52.103(a) in an amount which may be more, but not less, than the amount stated in the table in paragraph (c)(1) of this section, adjusted using a rate at least equal to that stated in paragraph (c)(2) of this section.

Please specify that this certification information will be provided.
