I checked with Dave. Currently, DLR has no plans to develop a Comm Plan for the OC Outage Commitments Inspection. Dave acknowledges that could change, if DLR/NRR were to take the lead for any needed "technical review" of drywell liner thickness issues.

DLR will, of course, provide input and review any LR Comm Plan that we develop.

on Monday, please get with John Richmond - he has some work for you on OC and perhaps BV in terms of advice on public exits.

Both of you call Dave Pelton to confirm they are NOT doing a Comm Plan for the outage.

We need draft quick look letter and draft comm plan for the letter.

You can act on Wed. from the below schedule.

Richmond can act on Tuesday.
