Good Morning, Ron,

I apologize for not including you on the distribution for this email I sent yesterday. Please let me know if you have any questions.

Marjorie

**Importance:** High

Good Afternoon,

Later today, we will be publicly issuing the attached Preliminary Notification regarding the status of our license renewal commitments inspection at Oyster Creek. In the PN, we explain to the public the observations in the Oyster Creek drywell from this outage, AmerGen's current actions in response to these matters, and the NRC's assessment of AmerGen's conclusion that the drywell will remain operable until the next scheduled examination.

We are issuing the PN to explain the NRC's current conclusions related to Oyster Creek in light of the expected plant startup.

Please contact Nancy or I if you have any questions on this matter.

Very Respectfully,  
Marjorie
