Re: Luminant Generation Company LLC (Comanche Peak Nuclear Power Plant, Units 3 and 4), Docket Nos. 52-034 and 52-035
Notification of Filing Related to Proposed Contention 17

Dear Secretary:

On April 6, 2009, a petition to intervene was filed in the Comanche Peak Nuclear Power Plant (Comanche Peak) Units 3 and 4 combined license (COL) proceeding. The petition included proposed Contention 17 related to the doses to evacuees as assumed in Section 7.2 of the Environmental Report (ER).

The purpose of this letter is to provide notification that, on April 28, 2009, Luminant Generation Company LLC (Luminant) filed the attached letter with the NRC on the docket for Comanche Peak Units 3 and 4, based upon a conference call with the NRC staff on March 16, 2009 regarding ER Section 7.2. The attached letter provides a sensitivity study of the effects of changes in evacuation parameters on doses to evacuees and planned changes to ER Section 7.2 to reflect the sensitivity study.

Sincerely,

Signed (electronically) by Steven P. Frantz
