Re: ARMC, License No. 29-08622-04

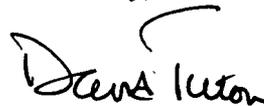

Please amend 29-08622-04 to include byproduct materials under 6C and the Sr 90 eye applicator licensed under 6D of our current license at our new Cancer Center located at 2500 English Creek Avenue, Building 400, Egg Harbor Township, NJ, 08033.

The radiation safety program at the new facility will be consistent with the program currently outlined under our existing license.

An expeditious review and approval of this amendment will be greatly appreciated as equipment delivery is pending.

If there are any questions please contact Jonathan Law (609) 652-3409.

Sincerely,

David P. Tilton  
President and CEO
