ATTN: Document Control Desk

Subject: V. C. Summer Nuclear Station Units 2 and 3
Docket Numbers 52-027 and 52-028
Combined License Application – Environmental Report Audit
Information Needs

Reference: 1. Letter from S.A. Byrne to Document Control Desk, Submittal of
a Combined License Application for V. C. Summer Nuclear
Station Units 2 and 3, dated March 27, 2008.

By letter dated March 27, 2008, South Carolina Electric & Gas Company (SCE&G) submitted a combined license application (COLA) for two Westinghouse AP1000 units, designated V.C. Summer Nuclear Station (VCSNS) Units 2 and 3, to be located at the existing VCSNS site in Fairfield County, South Carolina.

The supplemental information contained in the files on the enclosed CD is provided to support the NRC's review of the VCSNS Environmental Report (ER), but does not comply with the requirements for electronic submissions as stated in NRC Guidance Document, "Guidance for Electronic Submissions to the NRC," dated October 29, 2008. The NRC staff requested that these files be provided in their native formats to enable NRC reviewers to evaluate the software used in the ER. Formatting the data to comply with the guidance on electronic submissions would not serve the request to provide these files in their native formats. Enclosure 1 provides a listing of input and output files requested by the NRC in ER Audit Information Needs ACC-4, ACC-6, ACC-8, ACC-14, ACC-15, HP-3, SW-17, GW-2, MET-5, T-1 and T-2

Please address any questions to Mr. Alfred M. Paglia, Manager, Nuclear Licensing, New Nuclear Deployment, P.O. Box 88, Jenkinsville, S.C. 29065; by telephone at 803-345-4191; or by email at apaglia@scana.com.

D083

I declare under penalty of perjury that the foregoing is true and correct.
