Our nuclear pharmacy, Nuclear Diagnostic Products, will transfer our radioactive material and all license conditions will be met.

Enclosed for your review is a diagram of our new facility. The facility name, phone numbers, authorized users, radiation safety officer and management will remain the same.

A decommissioning survey and wipe test report will be submitted after the transfer of all our radioactive material.

Please contact Elaine Rovazzi, M.S., DABR, Physicist @ 973-322-5118 if you need additional information. Thank you in advance for your assistance. We look forward to receiving our amended license.
