Re: NRC License #47-01458-01; Request for amendment

Dear Sir or Madam:

We need an expedited amendment to our license.

Add the following sealed sources to Item 7.D.:

- I-125 Isoaid Model IAI-125A
- Pd-103 Theragenics Model 200

The latter is necessary because you recently took over regulation of accelerator-produced isotopes for our state.

We will be treating patients with these sources next week if possible. You could fax the amendment to (304) 624-2996.

If you have questions or require additional information, please contact our Radiation Safety Officer, James Israel, at (304) 624-2574, or you may email him at [IsraelJ@uhcwv.org](mailto:IsraelJ@uhcwv.org).

Thank you.

Sincerely,

Michael Tillman
