Hi Patty,

Per our conversation, the U.S. Nuclear Regulatory Commission will be holding a Government-to-Government meeting as well as two public scoping meetings for the proposed Levy County nuclear power plant. The primary purpose of the meetings is to convey information regarding the environmental review process in developing an environmental impact statement and to gather public comments. The details are as follows:

### Government-to-Government Meeting

Thursday, December 4, 2008, 10:00 AM

Florida National Guard Armory

8551 West Venable Street, Crystal River, Florida

### Public Scoping Meetings for the proposed Levy County Nuclear Plants

Thursday, December 4, 2008

Florida National Guard Armory

Two meetings: 1:00-4:00 pm and 6:00-9:00 pm

Open house 1-hour before each meeting

Please invite the Sheriff, Johnny Smith, and other local government officials that may have an interest in attending the Government-to-Government meeting.

The presentation that we plan to present in the Government-to-Government meeting, and again at the evening scoping meetings is identical. Although welcome, it is not necessary to attend all of the meetings but rather the one that best fits individual schedules. Please feel to call me if you have questions.

Sincerely,

Douglas Bruner
