Subject: Demand for Information  
Tritium Exit Signs

Dear Angela,

Our manufacturer's representative agreement with Isolite Corporation was terminated approximately 15 years ago. We have not dealt with nor do we have possession of their tritium exit signs since then.

I believe we had furnished Isolite the information of the end users so that they would have a record of accountability for all of the exit signs sold during our tenure as their representative for the Hawaii territory.

Sincerely yours,

Gary Uemoto
