Hi Ron, we are still deciding on this. I think there are a couple of other groups as well that may request a hearing. Best, Shannon

Do you know of anyone that is planning to request a hearing? It's good to know as soon as possible for budgeting purposes and staff allocation. Ron

Shannon:

We will do another EA for the license renewal. I don't believe we will need to tier off of the GEIS since this is an already licensed site and we have a history of environmental analysis and site specific documents we can use for reference.

Ron

Subject: Cogema license renewal NEPA analysis

Hi Ron, I hope all is well. I have a question about NEPA for the Cogema license renewal (requests for intervention are due April 10th). I found an EA from September 2008 for the re-start license amendment. Will additional NEPA analysis be completed before the license renewal is issued? If so, does NRC plan on tiering to the GEIS when it is finalized?

Thanks, and all the best,
Shannon
