License No. 47-15473-01
Docket No. 030-09164
Control No. 143745

Dr. Lowe:

This is in reference to your letter dated May 18, 2009 requesting that Stephen L. Dibiasi, M.D. and Alaa Ujayli, M.D. be added to your license as authorized users (AU). In order to complete my review of their training and experience I will need the following additional information:

1. Concerning Dr. Dibiasi, I will need documentation of his continuing training and experience since he was listed on the Ohio Department of Health RAM License No. 02120730007 dated November 3, 1999. 10 CFR 35.57(b)(1) states, in part, that physicians identified as authorized user for the medical use of byproduct material on a Commission license before October 24, 2002, who perform only those medical uses for which they were authorized on that date need not comply with the training requirements of Subpart D. 10 CFR 35.59 states, in part, that the training and experience specified in Subparts B and D must have been obtained within the 7 years preceding the date of application or the individual must have related continuing education and training since the required training and experience was completed. The bottom line is that because Dr. Dibiasi was listed on a license greater than 7 years ago, we will need documentation that he has continued to work in the field of nuclear cardiology.
2. Concerning Dr. Ujayli, I will need the following statement signed by Dr. Ujayli's preceptor authorized user. "Alla Ujayli, M.D. has satisfactorily completed the requirements in 10 CFR 35.290(a)(1) and has achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under 10 CFR 35.100 and 35.200." In addition, I will need a copy of the license that lists his preceptor as an authorized user.

We will continue our review upon receipt of this information. Reply to my attention at the Region I Office and refer to Mail Control No. 143745. Please note that I referenced an incorrect Mail Control No. in my e-mail concerning Dr. McCain. Therefore please send the information concerning his training and experience to Control No. 143745 as well. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5272.

If we do not receive a reply from you within 30 calendar days from the date of this letter, we will assume that you do not wish to pursue your application.
