

NEI Emergency Preparedness and Communication Forum

June 15, 2009

Bruce Mallett

Deputy Executive Director for Reactors
and Preparedness Programs

Dynamic Environment

- Comprehensive EP Rulemaking
- Proposed Changes to PAR Guidance
- Unique Challenges for Hostile Action Events

Application of Significant EP Lessons-Learned (in retrospect)

- TMI
- 9/11 (Terrorist Attacks)
- 2003 Blackout
- Hurricanes Andrew and Katrina

“A key to success: Lessons learned from key events”

NRC Event Communications

- Communications with NRC Team Directors
- Imminent Aircraft Threat (Senior Manager Interface)

Industry Challenges

- Retaining and developing skills within the EP community
- Input to proposed EP rulemaking and guidance
- Hostile action-based EP scenarios
- Communication with other response organizations
- Public confidence
- Maintain current level of support
