Dear Dr. Praveen Dalmia,

This letter is to verify that Stephen Franklin, M.D., is authorized to use radioactive material in the capacity of an attending radiation oncologist at the University of California Davis Medical Center which has a broad scope license.

I confirm that his authorization covered medical uses as described in 10 CFR 35.400, and 10 CFR 35.600 (manual brachytherapy, photon emitting high dose rate remote afterloader and gamma stereotactic radiosurgery units, respectively) at UC Davis Medical Center (California Radioactive Material License #1334-57) from 2004 to the present.

Please call me at (916) 734-3355 if you have any questions.

Sincerely,

Jerrold T. Bushberg, Ph.D.
Alternate Chair, Radiation Use Committee
UC Davis Medical Center
