To Whom It May Concern:

We would like to amend our NRC license (# 24-15513-01 Children's Mercy Hospital) to include the following changes:

1. We would like to add a new authorized user on to our license, Dr. Brent E. Cully, M.D.. He has been on a previous license and a copy of that license is enclosed for your review.

We request this change be completed at this time. Should you have any additional questions or need additional information, please contact our Health Physicist, Marcia West at 816-807-8090 or fax number 816-974-1443.

Sincerely,

A handwritten signature in black ink that reads "Nanci A. Burchell, RSO".

Authorized Users

Paul Ren Chu, M.D.

Material and Use

10 CFR 35.200 (excluding generators) limited to cardiovascular clinical procedures.

13. In addition to the possession limits in Item 8, the licensee shall further restrict the possession of licensed material to quantities below the minimum limit specified in 10 CFR 30.35(d) for establishing decommissioning financial assurance.
14. The licensee is authorized to transport licensed material in accordance with the provisions of 10 CFR Part 71, "Packaging and Transportation of Radioactive Material."
15. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below. This license condition applies only to those procedures that are required to be submitted in accordance with the regulations. Additionally, this license condition does not limit the licensee's ability to make changes to the radiation protection program as provided for in 10 CFR 35.26. The U.S. Nuclear Regulatory Commission's regulations shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulations.
