Docket Nos. 52-012 and 52-013
Submittal of Meeting Presentation Materials

On May 20, 2009 STPNOC met with the NRC staff to discuss instrument setpoint methodology. The methodology for determining instrument setpoint values for STP 3 and 4 is the confidential commercial property of Westinghouse Electric Company. This letter provides a public version and a proprietary version of the presentation materials from the meeting.

Attachment 1 provides the slides (proprietary) STPNOC used for the setpoint methodology presentation. Attachment 2 provides the same slides with the proprietary information redacted (non-proprietary). Attachment 3 provides Westinghouse authorization letter CAW-09-2594, accompanying affidavit, Proprietary Information Notice, and Copyright Notice. Since Attachment 1 contains information proprietary to Westinghouse Electric Company LLC, it is supported by an affidavit signed by Westinghouse, the owner of the information. The affidavit sets forth the basis on which the information may be withheld from public disclosure by the Commission and addresses with specificity the considerations listed in paragraph (b) (4) of Section 2.390 of the Commission's regulations. Accordingly, it is respectfully requested that the information which is proprietary to Westinghouse be withheld from public disclosure in accordance with 10 CFR 2.390. Correspondence with respect to the copyright or proprietary aspects of the items listed above or the supporting Westinghouse affidavit should reference CAW-09-2594 and should be addressed to B. F. Maurer, Manager, ABWR Licensing, Westinghouse Electric Company LLC, P.O. Box 355, Pittsburgh, Pennsylvania 15230-0355.

There are no commitments in this letter.
