Dear Mr. Miskin:

In order to help the Agreement States and the U.S. Nuclear Regulatory Commission (NRC) remain knowledgeable of each other's program and to initiate planning for the next Integrated Materials Performance Evaluation Program (IMPEP) review, the NRC conducts one-day periodic meetings with Agreement States between IMPEP reviews.

This letter confirms that, through previous coordination, the meeting is scheduled for July 16, 2009 and will be held in your offices. The meeting will be conducted in accordance with Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-116, *Periodic Meetings Between IMPEP Reviews*. In addition to myself, Monica Orendi of FSME will also attend the meeting.

Based on our previous discussions the likely topics for discussion at this meeting are listed in the enclosed agenda. If there are any additional specific topics you would like to cover, or if you would like to focus on a specific area, please let me know. If you have any questions, please contact me at (610) 337-5214, or via e-mail at [james.kottan@nrc.gov](mailto:james.kottan@nrc.gov).

Sincerely,
