Mr. William Schuster
Project Engineer, Research and Test Reactors
United States Nuclear Regulatory Commission
Washington, D.C. 20555

Subject: Docket 50-156, License R-74
Response to Request for Clarification
for Amendment No. 17 to Facility License No. R-74
University of Wisconsin Nuclear Reactor

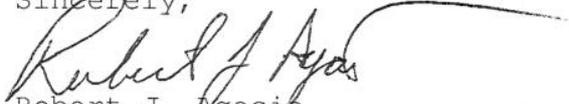

Dear Mr. Schuster:

By telephone conference on June 2, 2009, you requested clarification to our April 10, 2009 response to the Commission's request for additional information, dated February 26, 2009. Specifically, you requested clarification in the definition of the emergency planning zone and an emergency action level reported in our response to question 42 and revision 6 to the University of Wisconsin Nuclear Reactor Emergency Plan.

Following review of our response, we have provided additional clarification, as described in attachment I to this letter. As a result we have revised our proposed Emergency Plan and herein transmit revision 7 to the University of Wisconsin Nuclear Reactor Emergency Plan for your review. It is requested that the information in attachment I, be withheld from public disclosure under 10 CFR 2.390. Upon removal of the attachment, this cover page is no longer protected.

I certify under penalty of perjury that the foregoing is true and correct.

Sincerely,

Robert J. Agasie
Reactor Director
