To whom it may concern:

I was unable to attend the public hearing last week, but wish to submit my comments.

As a resident of Idaho Falls (23 years) I am strongly in favor of the proposed Areva fuel enrichment facility. We need this type of enterprise in this area, and the nation needs this sort of capability.

It so happens that I am employed in the nuclear business, and am extremely familiar with what the enrichment facility entails.

I believe that Areva is capable of building and operating a safe and efficient plant.

sincerely

Doug Jenson
