I attended the NRC Scoping Meeting last night for the Eagle Rock Enrichment Facility in Idaho Falls, Idaho. Overall the NRC did well but Chip Cameron allowed the professional anti-nuclear group to speak for 25% percent of the allotted time to the detriment of some members of the public who were not given a fair opportunity to speak. Mr. Cameron allowed 4 -5 Snake River Alliance speakers to come to the podium one after another contrary to his initial instructions that everyone would be given a fair chane to speak. Some of the residents and neighbors were unable to wait for 2 hours to be given a chance to speak and had to leave. I hope these neighbors will provide written comments.

The next time the NRC holds a public meeting in Idaho Falls, I hope they will enforce their own rules and stop allowing professional anti-nuclear groups to manipulate the meeting.

Sincerely,  
Gerry van Noordennen
