**Subject:** Support of Eagle Rock Facility

Dear NRC Staff,

I am writing in support of the AREVA Enrichment Services LLC's license application to construct and operate the Eagle Rock Enrichment Facility.

I believe that safe and efficient uranium enrichment in the United States is necessary if our country is going to generate more of its electricity from nuclear power; the Eagle Rock Facility will support this goal. Eastern Idaho offers a qualified workforce with a long history in nuclear energy as well as strong community and political support of this project.

I am asking that the NRC expeditiously process AREVA's application for the Eagle Rock Enrichment Facility.

Sincerely,

*Laurie McKenzie-Carter*
