U.S. Nuclear Regulatory Commission  
Region III  
801 Warrenville Road  
Lisle, Illinois 60532-4351

Dear Sir or Madam:

The Stowers Institute for Medical Research (Stowers Institute) requests that the U.S. Nuclear Regulatory Commission (NRC) remove the following individual from the Stowers Institute Radioactive Materials License No. 24-32242-01 as an authorized user as she has permanently discontinued the performance of her duties under the license.

**Chunying Du, Ph.D.**

*Phosphorus-32*  
*Sulfur-35*  
*Cesium-137*

Please feel free to contact me if you have any questions: phone (816) 926-4434, fax (816) 926-2076; e-mail [tri@stowers.org](mailto:tri@stowers.org).

Thank you in advance for your prompt action on our behalf.

Sincerely,

Tonyea R. Inglis  
Radiation Safety Officer
