Emergency Plan, dated July 15, 2008 (TAC L32678)

Subject: **Transmittal of NFS Emergency Plan, Revision 13, dated March, 2009**

Dear Sir:

Nuclear Fuel Services, Inc. (NFS) is hereby submitting six (6) controlled copies of the NFS Emergency Plan, Revision 13, dated March 2009. Revision 13 has been reviewed and approved by the NFS Safety and Safeguards Review Council (SSRC). Revision 13 replaces Revision 12, dated March, 2008. Revision 12 should be destroyed or returned to NFS. As recommended in Reference 2, the plant drawing, Figure 1-3, has been revised to include BLEU Complex building numbers and Section 2.1.5 (3) has been revised to include a statement regarding the updated 100-year flood elevation map.

**Information contained in the enclosed Emergency Plan includes sensitive information and is marked "Official Use Only" in accordance with 5 U.S.C.552, and is not suitable for public release.**

In accordance with 10 CFR Part 70, Section 70.32 (i), NFS has determined that the changes reflected in Revision 13 due to the annual NFS review and update do not decrease the effectiveness of the Emergency Plan, and an amendment of SNM License 124 is not requested.
