Hi Tara:

Thank you for following up with me on this issue, actually we moved quickly in the RSO hiring process, and next week we will interview the two best and final, by the end of the month we would be able to name the RSO, I am going to leave in few weeks so it may not be practical to go through the process. We thought that if the process of choosing the RSO will take longer I will submit the NRC Form 313(RSO). Sorry for not update you with these information earlier.

As soon as we will name the new RSO we will go a head and submit the form,
Your advice is always welcomed,
Thank you

Auroba,

When we last spoke I was under the impression that you would be submitting the NRC Form 313(RSO). To date I have not received the form and I was wondering if your plans have changed. Please get back to me as soon as possible concerning the matter of you be named as the RSO on the license. I will be out of town starting on June 16th and I must do something with the license prior to me leaving.

Thanks in advance.

Here is the information for setting up the payment for fingerprints. Included in it is a contact telephone number if you have any problems setting up the account.

Also, here is the link for the NRC Form 313A(RSO) and the directions for completing the form.

<http://www.nrc.gov/materials/miau/med-use-toolkit/licensing-guidance-form313a.pdf> Please don't hesitate to call me if you have any questions on completing the form. I would assume that you will be following the third pathway, "Structured Educational Program for Proposed Radiation Safety Officer".

If you have any additional questions, feel free to give me a call at 610-337-5272.

Tara
