Dear Materials Licensing Section:

This letter is to make known overlaps in our most recent amendments. We had two requests made within a couple of months of each other, which resulted in them being reviewed by two different individuals each awarding the requests without knowledge of the other. We received two Amendment No. 10s. I called the NRC and explained the situation; I have now received Amendment 11 which was simply a change in the amendment number, but not a combination of both requests. I need an amendment which acknowledges both the addition of the new location (dated February 17, 2009) and the addition of our new authorized user, Dr. Michael Beardslee (dated April 2, 2009). This letter is being sent as requested by Bill.

Please feel free to contact me at (636) 390-1765 if further clarification is needed! (I know this sounds confusing.)

Sincerely,

Brenda Overschmidt 6/10/09
