Subject: FW: Document Control Desk cannot process document(s) on CD-ROM
Attachments: large_file.doc

Paul,

Can you please make corrections to the CD-ROM containing the attachments for the Levy information needs and resubmit the package as discussed below.

Thanks,

Doug

Subject: Document Control Desk cannot process document(s) on CD-ROM

NOTE TO: Brian/Douglas

FROM: Kenny Nguyen, Document Control Desk

SUBJECT: Document Control Desk cannot process document(s) on CD-ROM

DOCKET NUMBER: 52-029/030

DOCUMENT DATE: January 16th, 2009

SUBJECT: Supplemental Information for Environmental Audit-Information Needs with Attachments

REASON FOR REJECTION: CD contains PDF files with images scanned at 151dpi, 195dpi (<300 dpi requirement), and two files larger than 50MB (see attached) which need to be broken down into multiple documents at 50MB each, i.e. XXXpart1of2, XXXpart2of2, etc.... Also the submitter didn't use the filename extension as layout in the E-Rule, i.e. 001_XXX, 002_XXX.

Please contact the licensee to obtain new CD that is accessible with PDF that conform to the document submittal guidance that is listed on the external NRC website. I'm sending back to **Brian** the whole package. Please send the resubmittal package (**corrected**) down to me to process @ T2-D1 to process. If you have any questions, feel free to contact me at x2046.

Thanks,

Kenny Nguyen
