Gina:

Regarding Dominion's COLA Submission #4 (Revision #2), the staff has identified e-file errors that need correction in order to be compatible with ADAMS. The corrections are identified in the attachment - "empty folders" are to be included in the DVD as noted.

In addition, the forwarded e-mail identifies an additional item.

Please provide me a DVD with revised content.

Thanks.
Tom

PMs,

Please look at the attached document, it contains what we found as problems with the Dominion COLA submittal. Also while at it, the licensee should correct image #94 in file V2-AppC.3ps (missing hidden text or text not searchable - OCR the image to make it searchable). Please provide a correct CD to me at T2-D1.

Thanks,

Kenny Nguyen
