Craig: This Tuesday doesn't work. Both Kirk LaGory and I will be in a workshop all day Tuesday and Wednesday, and I suspect that Kirk could be traveling Monday afternoon and possibly Thursday morning as well. In fact, nearly everyone from our environmental staff will either be at that workshop or on travel, so I won't be able to get any NRC representation for a call on Tuesday or Wednesday. Can you provide some more date/time choices? Is there any chance of doing it this Friday, May 29?

Kirk and John: Do we in fact need all four of DTE's consultants who we named on the call (Ralph Brooks, Curtis Schlicht, Claire Garvin, and Laura McNeil)? What is the minimum we might be able to get away with, assuming that would work at all. Any other ideas?

Thanks,
Steve Lemont

Steve,

It appears that the best opportunity to discuss the Biological Assessment for those four that you requested (along with a few others) is Tuesday at noon. Can you accommodate this time?
