Norm,

Regarding the Fermi 3 Public DVD, I spoke with Mark Tonacci about how he had handled this with several other applicants. Mark's guidance is to submit the DVDs as you normally would, per the requirements. Once we receive your DVDs and have the submission on ADAMS, I will then email you with a request for a courtesy copy of the Public DVD with the state and local E-plans deleted. In your letter transmitting the courtesy copy to us, you can state that the NRC staff requested the state and local E-Plans be deleted.
