Nuclear Regulatory Commissioners

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Commissioners,

I am writing to encourage the NRC to take steps to increase the security and safety of nuclear waste stored at civilian nuclear reactor sites, which remains unacceptably vulnerable to a terrorist attack or accident.

More specifically, I urge you to stop listening to left wing eco-nazis that will not permit our country to produce enough energy to be self-sufficient. We need nuclear energy to help America wean itself off the purchase of petroleum from dictators like Hugo Chavez.

Will you stand up to dictators, or will you bow to the eco-nazis and limit nuclear energy production? Please support America and support clean energy by supporting nuclear energy.

Sincerely,

Mr. John Pisula
