Subject: Docket # PRM 72-6 (Reduce Vulnerability of Stored Nuclear Waste)

DOCKETED
USNRC

May 15, 2009

June 18, 2009 (2:29pm)

Nuclear Regulatory Commissioners

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Commissioners,

I am writing to encourage the NRC to take steps to increase the security and safety of nuclear waste stored at civilian nuclear reactor sites, which remains unacceptably vulnerable to a terrorist attack or accident.

In particular, we need to change rules governing the management of how waste is monitored, so these materials are not available for use as dirty bombs..

Provision (11) of the petition by the C-10 Research and Education Foundation, outlines this change, to protect the world from critical danger..

Sincerely,

Dr. Gary Greenberg
