Richard,

Please explain this email on Tuesday. I don't understand where you're going with some of it. BTW, correction to the bottom statement: the review we conducted concluded that the drywell shell integrity or function would be maintained for the next TWO cycles (i.e., four years). That was the basis for our communication just prior to startup.

here is what I have so far.

John, we can get together between 730 and 800, I need to go to morning meeting, then we can pick it up at 830 or 845. have another commitment at 930 but...

we should get the the final to Sam by 930
