Nuclear Regulatory Commissioners

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Commissioners,

I am writing to encourage the NRC to take steps to increase the security and safety of nuclear waste stored at civilian nuclear reactor sites, which remains unacceptably vulnerable to a terrorist attack or accident. Please accept provision (11) of the rulemaking petition submitted by the C-10 Research and Education Foundation, which outlines this change.

Nuclear Energy is a viable option, only if we can manage its waste.

Lets not mortgage our children's future by sacrificing the safety of the environment in order to generate a few more KW's today.

Sincerely,

Mrs. Kathy Flippin
