Subject: Docket # PRM 72-6 (Reduce Vulnerability of Stored Nuclear Waste)

DOCKETED
USNRC

May 18, 2009

June 18, 2009 (2:29pm)

Nuclear Regulatory Commissioners

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Commissioners,

I am writing to encourage the NRC to take steps to increase the security and safety of nuclear waste stored at civilian nuclear reactor sites, which remains unacceptably vulnerable to a terrorist attack or accident. As long nuclear waste is created and not cleaned up, no more nuclear plants should be approved. Further no license renewals should be approved. Nuclear power plants are a threat to the public health

Sincerely,

Mr. Henry Haslach
