and Environmental Protection
Office of Federal and State Materials
and Environmental Management Programs

SUBJECT: TELEPHONE CALL LOG REGARDING 6/22/09 LETTER TO
WESTERN NUCLEAR INC. REGARDING THE INDIRECT LICENSE
TRANSFER

On June 19, 2009, Richard Chang, U.S. Nuclear Regulatory Commission (NRC) Project Manager for Western Nuclear Inc. (WNI) called Lawrence Corte, President of WNI to discuss NRC staff's draft letter pertaining to the indirect transfer of WNI's NRC license. The final letter is dated June 22, 2009. During this discussion, WNI staff agreed to submit a license transfer request for retroactive approval. During this call, WNI staff asked what information NRC would need to complete its review that has not already been submitted. NRC staff stated that WNI needs to submit cash flow statements solely related to WNI, so that staff can verify that WNI is not a shell company; this includes comparison numbers of WNI before and after the indirect license transfer. NRC attendees were: Richard Chang; Lydia Chang; Ken Kline; and John Hull. Licensee attendees were: Lawrence Corte; Chris Pugsley; Tony Thompson; and Harley Shaver.
