----	-------------	----------	-------------	----------

TRAINING: None

REMARKS: IP 71111.06 (Flood Protection Measures) has been revised to address a Reactor Oversight Process (ROP) feedback form. A revision has also been made to the inspection requirements associated with underground cables. This inspection has been changed from an optional sample to a mandatory sample as a result of information gathered from Generic Letter (GL) 2007-01, "Inaccessible or Underground Power Cable Failures That Disable Accident Mitigation Systems or Cause Plant Transients."

DISTRIBUTION: Standard
