QUESTIONS for Operating Licensing and Human Performance Branch (AP1000/EPR Projects) (COLP)

14.03.09-6

[HFE Program Management](#)

ITAAC 1's Design Commitment and Acceptance Criteria state:

HFE program is implemented by a qualified HFE design team.

In the Acceptance Criteria column, the wording is the same as the design commitment. The acceptance criteria wording does not indicate that a report will be available, nor does it describe what criteria can be used to validate the results of the analysis. Please clarify if a report will be provided that documents the results of conducting the analysis of the records of the HFE design team.

Also, please clarify the relation of this ITAAC to the HFE program implementation plan.
