These amendments were in response to your application dated October 30, 2008, as supplemented by a letter dated November 20, 2008. The amendments adopted the applicable portions of Technical Specification Task Force Traveler TSTF-475, Revision 1, *Control Rod Notch Testing Frequency and SRM [source range monitor] Insert Control Rod Action*, which was approved for use in a safety evaluation, dated November 5, 2007.
