RE: License #24-32604-01
Docket #030-37082

To Whom It May Concern:

Please add Gregory Biedermann, MD, as an Authorized User to the license listed above for Missouri Cancer Associates, LLC; effective August 3, 2009.

Attached is a copy of the license as he is currently listed.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

Willis Brumley, MS
Radiation Safety Officer

UNIVERSITY
of VIRGINIA

ENVIRONMENTAL HEALTH and SAFETY
Special Materials Handling Facility

July 16, 2008

Gregory B. Biedermann, M.D.
Radiation Oncology
Box 800136

Dear Dr. Biedermann:

As required by the Materials License issued to the University of Virginia by the Nuclear Regulatory Commission, the use of licensed material in or on humans shall be by a physician, dentist or podiatrist as defined in 10 CFR 35.2. Physicians designated to use licensed material in or on humans shall meet the training criteria established in 10 CFR Part 35, and shall be designated by the licensee's Radiation Safety Committee (RSC). The Radiation Safety Committee has approved your application to become an Authorized User of certain radioactive materials listed on the University's NRC licenses. Authorization No. MAU011 has been assigned to you for use of the following:

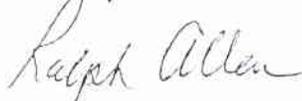

35.400 Manual brachytherapy sources and 35.600 Remote afterloader unit(s)

As a designated authorized user, the uses named above must be performed by you, or where permitted, under your supervision, in accordance with the University's specific licenses issued by the Nuclear Regulatory Commission and the State of Virginia. All use must be in accordance with the regulations of Title 10, Part 35 of the Federal Code of Regulations (10 CFR Part 35). Any individuals using this material under your supervision must be instructed in the licensee's written radiation protection procedures, written directive procedures, regulations of Part 35 and license conditions with respect to the use of the licensed material and you must require supervised individuals to follow these instructions.

As a reminder, the responsibility for security of these materials is shared by all designated users. All radioactive material must be secured against removal by unauthorized individuals when not in use or unattended. All purchases of radioactive material must be made through EHS in accordance with the license.

In order to maintain your designation as an authorized user, you are required each year to attend radiation safety retraining conducted by EHS. If you have any questions regarding this authorization, please contact the Office of Environmental Health & Safety at 2-4911.

Sincerely,

Ralph O. Allen

Chair, Radiation Safety Committee

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
