Ref: Proposed Agreement with the State of New Jersey

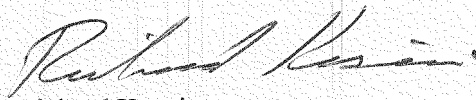

To Whom It May Concern:

Smiths Detection, in Warren, New Jersey, possesses NRC radioactive materials license number 29-28620-01, authorizing activities in our service repair depot. This license also authorizes Smith Detection to conduct product demonstrations at temporary job sites under the jurisdiction of the NRC, such as a customer's facility.

(Amended)
03032123

Pursuant to item 2.b of the NRC communication dated June 8, 2009, which was received this morning, I wish to officially notify you of Smith Detection's intention to maintain the temporary job site provisions for our activities in non-agreement states and other areas of NRC jurisdiction. Please proceed with the process described, to amend our license authorizing licensed activities at temporary job sites in non-agreement states, as well as issuing a new license, authorizing activities in New Jersey.

Please do not hesitate to contact me if I need to supply you with further information.
Yours sincerely,

Richard Keosian
