### NOTICE

This message is intended only for the use of the individual or entity to which it is addressed and may contain information that is privileged, confidential, or exempt from disclosure under applicable law. If the reader of this message is not the intended recipient or the employee responsible for delivering the message to the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. If you received this communication in error, please notify the sender immediately by telephone and return the original to the above address, by U.S. Mail. Thank You.

The following additional information is needed to review your request.

1. Please submit a copy of the leak test results for all the sealed sources that were used or stored in your "old" hot lab that were current when the close-out survey was performed on March 19, 2009.
2. Please indicate the specific locations on the facility diagram of the "old" hot lab where exposure rate measurements were performed for the close-out survey on March 19, 2009.
3. Please put the address of the "old" hot lab on the facility diagram.

Please send a facsimile (630- 515-1078) of your response to the above within 5 days and refer to control 318105. Please call me at 630-829-9839 if you have any questions.

*In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this facsimile and the attached documents will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).*
