Dear Dr. Bonaca:

I am responding to your letter dated June 17, 2009, regarding the Advisory Committee on Reactor Safeguards (ACRS) meeting on June 3-4, 2009.

During the full committee meeting, ACRS recommended issuing Revision 2 of Regulatory Guide (RG) 1.21 and Revision 2 of RG 4.1 after incorporation of comments made by the ACRS subcommittee. The U.S. Nuclear Regulatory Commission (NRC) staff revised the RGs to address the subcommittee's comments, and ACRS found both RGs acceptable after revision by the staff. ACRS commended the NRC staff on its effective interactions with stakeholders during the development and modification of both RGs. We appreciate the recommendation and comments provided by ACRS.
