Priya: I haven't recently spoken to Heal and they haven't submitted a request for Rulemaking but about 3 weeks ago they again stated they would propose a rule. Stay tuned!

Hi Dane. Anything new on this front? Did HEAL submit a request for rulemaking? Or did you think they would submit something in May?

Priya: Thank you for the update. I also have met with HEAL several times over the DU issue. As of last Wednesday, March 26th, they indicated they were intending to ask for a rulemaking from us. They suggested they would submit the proposed rule making next month. I asked Heal to withhold their rulemaking until the NRC decided it's path forward and schedule. I'm not optimistic that they will wait for the NRC rulemaking decision.

Dane

Dane,

I wanted to let you know that HEAL asked to have an informational meeting with us about DU, but we thought it is still too early in the process to have a productive meeting. Attached is our response to them. Thank you for sharing their comments with me, because I felt better saying that even though we are not yet ready to have a public meeting, I am familiar with their concerns. Please keep me posted on if they appeal the renewal and any other documents they submit.

thanks,
