Subject: RE: ALNRC 0025

Tomorrow morning won't work.
How about Wednesday at 9-9:30 AM or 1-4 PM?

Thanks.....

I cannot make it today. Could we have it tomorrow, by 9 central?

Scott may want to listen in also.

Dave

My Branch Chief, Greg Hatchett, would like to set up a brief phone conference with you and Dave Shafer this morning.

Can you set that up quickly and give me a time?

Thanks.....

Yes--My understanding was that Enclosures H and K, although not exactly including all the quarterly reports (periodic monthly reports were given as representative samples), H & K provided sufficient information to satisfy immediate technical review questions. Given recent project developments, i.e., suspension of review, we will consider the package complete and enter it into the NRC database as it is.

Thanks.....

Importance: High

Here is the entire June 19, 2007 letter. (11 pages total).

I understand that you no longer need us to provide additional documents for Enclosures H and K.

Let me know if this closes out all open items from the ALNRC00025 enclosures. Thanks! Susan Klang

I have determined what the contents of Enclosures H and K are, and I have prepared an index so the hard copy data can be put into our database as it is.

I just need the even pages from a lab report dated June 19, 2007 starting on page 50 (of 601) of the Lab Round 4.pdf file of Enclosure L.

Five even pages 2, 4, 6, 8, and 10 of 11 were apparently not scanned into the pdf file.

Please provide those pages to me with a quick email and I will get this thing into the system.

Thanks.....

Bruce – attached are the missing NSRB reports that you requested (Enclosure K). You have now received all missing items from the enclosures with ALNRC 00025. Thanks!
